Your Mailbox

Personal Operator

Your Personal Operator is the person you want to handle your calls when the caller needs immediate assistance and you are not available. In your greeting, be sure to mention that callers can press **0** to reach your Personal Operator, or the System Operator if you don't set a Personal Operator.

Changing your Personal Operator:

- Log into your Mailbox
- Press **GH1 4** to change your Personal Operator
- Press:
 - Your Personal Operator's extension number, then press **#**
 - To delete your Personal Operator, and send callers to the default System Operator, press *** DEF 3**

Your Mailbox

Call Answer Mode

Call Answer Mode determines whether or not callers can leave a message after listening to your Personal Greeting. When your mailbox is in Record Mode (the default setting), callers can leave a message. When it is in Answer-Only Mode, they cannot. Auto Copy Mode allows you to designate that a copy of all messages left in your mailbox also be left in another mailbox.

Changing your Call Answer Mode:

- Log into your Mailbox
- Press for Call Answer Mode
- Press:
 - for Record Mode
 - for Answer-Only Mode
 - for Auto-Copy Mode – then dial the destination extension number, then press

Outcalling

About Outcalling:

If you turn on Outcalling, the PARTNER Messaging system calls telephone numbers which you have programmed to signal that a new message has arrived in your mailbox. When you receive an Outcall, you can log into your mailbox to listen to the message, or you can signal the PARTNER Messaging system to stop outcalling unless another message is received.

Setting Your Outcalling Numbers:

- Log into your Mailbox
- Press

MNO
6

 for Outcalling
- Press

GHI
4

 to change your Outcalling list
- Choose the entry number, by pressing its number from 1 to 5
- Press

1

 to change the Outcalling number
- Press

1

 to Outcall to a Telephone
- Press

WXYZ
9

*

 to begin your Outcalling number
- Dial the telephone number, just as you would normally. If it is long distance, include the 1 and area code
- When you have finished entering the number, WAIT for the next prompt
- Press

*

#

 to end telephone number
- The entry will be read back. It will start with “Nine, Pause”, and then the telephone number
- If the entry is correct, press

WXYZ
9

 to confirm
- If the entry is NOT correct, press

MNO
6

 to cancel

Outcalling / Recording / Screening

- Log into your Mailbox
- Press

MNO
6

 for Outcalling
- Press

1

1

 to turn Outcalling ON
- Press

1

0

 to turn Outcalling OFF

Record-a-Call:

This feature allows you to record a conversation while you are active on a call at your extension.

- Press the “Record” button on your Telephone
- When the system answers, if there is space in your mailbox, the system will confirm that it will begin recording. While the system is recording, the “Record” button will flash green and red.

Call Screening:

This feature allows you to listen to a caller leaving a message in your voice mailbox. You may interrupt the caller leaving a message to speak with them.

- Press the “Call Screen” button on your Telephone *before or while* a call is ringing at your telephone
- If you want to speak to the caller, pick up your phone’s handset and begin speaking. The Voice Messaging system will say “Goodbye”
